V. Conversation about Graduation Cords Associated with Mentor Programs (In Conversation with Christina Cambriello)

- Senior Class Stole gift from Alumni Board for graduation that will be given out on May 9th.

- Moving forwards, money allocated for stoles would be primed for the Pomona stole and would not be available for other stoles from other clubs/orgs/mentor programs
 - CLSA, who was present, will continue to use their own budget to provide stoles for their graduating seniors
 - A substitute proposed suggests using pins or medallions from these other clubs/orgs/mentor programs to add onto the single Pomona stole
 - It was decided that this year any stole could be used from any source, however any clubs/orgs/mentor program that still need to purchase stoles will no longer have that option since there is already a Pomona stole, this conversation will reoccur for class of 2020
- Conversation shifted to include the use of flags at graduation, since this is the first time students are told that countries besides the U.S. would not have their flags at graduation
 - Future conversations that might include President Starr next week to continue to discuss the decision on the flags

VI. Developing Framework for Student-Admin Relationship Forum (How to get community input prior to event? What intended outcomes do we want? Structure of the event?)

- Conversation on state of Pomona, discussing the lack of student input (e.g. Advocates) in these decision making processes
- Executive Committee (EC) is a good avenue to get faculty and student collaboration \
- ASPC Senators should be able to run conversations with administration to be productive if they get a better pulse of their constituents

VII. Food Funding for Students Observing Ramadan (In Conversation with Dean Hinkson)

- Ensuring that the conversation spans beyond just getting greenboxes/just getting sandwiches
- At the time of the meeting, Dean Hickson is awaiting the see if dining will accommodate for the services, until then she commits to hosting the first meal of Ramadan

VIII. Brainstorm for April Strategic Planning Event (Do all members of Pomona's community have the same understanding of what SP is? How to determine cross-section of student and faculty campus concerns? In what ways can we brainstorm radical/innovate solutions for the future? Reaching out to department student liaisons!)
